PRIVATE SECRETARY'S OFFICE.

NOTIFICATION.

ROYAL MILITARY COLLEGE, SANDHURST.

1.—Information has been received from the Superintendent of the Government of India that an entrance examination for the selection of Indian candidates for admission to the Royal Military College, Sandhurst, for the term commencing at Sandhurst in February 1928, will be held in India from the 19th to the 28th September 1927. The following information is published for the use of intending candidates:—

2. The Royal Military College is established for the purpose of affording a special military education to British candidates for commissions in the Cavalry, Infantry and Royal Army Service Corps of the British Service and to British and Indian candidates for commissions in the Indian Army. It is intended exclusively for those who desire to make the Army their permanent profession in life.

Anglo-Indian candidates are also permitted to compete at the entrance examinations under the conditions as Indian candidates, but domiciled Europeans of pure European descent may compete at the Sandhurst entrance examinations in England only.

3. Candidates must be between the ages of 18 and 19 on the 1st January 1928 and must not be over age already. No exception to the prescribed age limits can in any circumstances be made.

4. Candidates must be prepared to pass qualifying examinations, the detailed syllabus of which is printed as Appendix A to this notification. The general educational standard required is that prescribed for the diploma of the Cadet College, Wellington, or the school-leaving certificate recognised by the Local Government; the Matriculation or First Year standard of any recognised University or such higher standard.

5. Candidates will be required to pass a final examination before which will be entered on a Passed List of Officers Cadets under the orders of the Commander-in-Chief. The examining Board to form an opinion as to the general character from the point of view of his suitability as an army officer.

6. Candidates will be examined by a Medical Board at Simla and will not be accepted unless they

Medical examination.

are pronounced physically fit for His Majesty's service. The general standard demanded is that laid down in Appendix B to this notification.

The Board has power—

(a) To pass the candidate as physically fit,

(b) To report the candidate as unfit, but—

(i) In a case in which the defect can be cured by operation or treatment, to recommend that, if successful in the competition, to be re-examined by a Medical Board after such operation or treatment,

(ii) In a case in which the candidate is slightly below one or other of the conditions as to height, chest, girth, etc., enumerated in Appendix B and in which the Board considers that he is likely to attain the required standard before the time comes for him to be appointed to a commission, to recommend that, if successful in the competition, he be allowed to join the Royal Military College subject to the condition that, unless at the end of the course he is found to reach the standard which his increased age and height demand, he will not receive his commission,

(c) To reject a candidate as physically unfit.

A candidate who has been passed by a Medical Board as physically fit in connexion with the previous Army Entrance Examination will *not* be exempt from being re-examined by a Medical Board.

Candidates are required to attach to their applications a *medical certificate from a competent medical officer* to the effect that they come up to the prescribed standard, *and* also a *vaccination certificate* that they have been successfully (or twice unsuccessfully) vaccinated within the last five years.

Parent or guardian's declaration.

8. Candidates are required to furnish a declaration in the following form signed by their parents or guardians:—

"I, ——— father / guardian of ——— a candidate for admission to the Royal Military College, Sandhurst, am able and willing to pay the prescribed fees and meet the incidental expenses.

It is my intention to make the Army my son's / ward's permanent profession in life.

Signature of parent or guardian.

Free passage and travelling allowances.

7. Subject to the restrictions specified below, free passage will be admissible on the following occasions:—

(i) to selected candidates attending the medical and qualifying examinations in India from their homes and back,

(ii) when nominated to join the Royal Military College, Sandhurst, from their residence to Great Britain.

§ The amount admissible on account of railway, river and sea journeys within Indian limits will be restricted to one first-class fare for each candidate. The amount admissible for road journeys will be restricted to the mileage rate of first-class civil officers when travelling on duty.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras. Passages by sea from India to the United Kingdom will be arranged by the Embarkation Commandant, Bombay, under orders from Army Headquarters.

No travelling allowance is admissible to candidates in connexion with their journeys to Madras or Ootacamund, as the case may be, for the purpose of interviewing His Excellency the Governor.

Accommodation at Simla.

8. Unless a Government building is available, candidates will be provided with private accommodation usually in a hotel at Simla. Candidates will be charged for messing, but the cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are precluded, by caste, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will, on no account, be allowed to live elsewhere.

Parents or guardians must secure that candidates are provided with sufficient funds to meet the cost of their expenses while in Simla.

In no circumstances will candidates or their parents, guardians, relatives, or friends, be permitted to interview any officer of the Army Headquarters Staff, other than the officer detailed for the purpose, or any other person connected with the examination or selection of candidates. An attempt to do so is liable to entail the disqualification of the candidate.

Voyage to England.

9. Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters, and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

Return passage.

Indian Cadets who pass out of the Royal Military College, Sandhurst, in July annually, will, if they so desire, be granted return passages to India at Government expense, by private steamer. Any cadet however who, to suit his own convenience, does not take advantage of this concession by the 1st September of the year in which he passes out will be detained in Great Britain for passage by transport to India.

13. The above estimate does not provide for European kit on arrival in England other than the amount required for College uniform; for the purchase of European kit an additional sum of from £100 to £200 should be provided.

14. An allowance of 4*s.* a day, in aid of the expenses of messing, washing, and other contingencies, will be admitted as a charge against the public for each cadet so long as he is in residence at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

15. If a cadet is absent a whole term in consequence of rustication, a payment of £40 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

16. If a cadet is rusticated or removed during a term, his daily allowance shall cease from the date of such rustication or removal, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

17. (a) If a cadet is absent from sickness during a portion of the term, his allowance shall continue to be issued and credited to his account. In exceptional cases a refund of the contribution for the period of absence may be authorized by the Commandant, and in such cases the cadet's allowance shall cease for the period of the refund.

Payment of fees, etc., by parents or guardians.

18. Parents or guardians of candidates are required to pay two-thirds of the estimated expenditure [*i.e.*, either (*a*) £371-16-0, *or* (*b*) £516 16-0], before the beginning of the first term of the Sandhurst course and the remainder one third [*i.e.*, either (*a*) £185-18-0, *or* (*b*) £258 8-0] before the commencement of the third term.

As it is impossible for Indian cadets to return to India during the vacations, arrangements will have to be made for their accommodation in England during these periods, either by their parents or guardians or by the India Office on behalf of the latter.

19. The normal length of the course of instruction will be about eighteen months divided into three terms. The College terms will be :—

Spring term.—From about beginning of February to about middle of July.

Map reading and Field sketching.
Organization and Administration.
Military Law.
History and English (including Military History).

Physical Training.

21. The aggregate marks will determine the cadet's place in order of merit when passing out for appointment to a commission.

22. To qualify for promotion to a higher term, a cadet will be required to obtain not less than 6 * of the aggregate marks allotted to the term.

To qualify for appointment to a commission from the third term, a cadet will be required to obtain not less than 6 * of the aggregate marks allotted to the term.

To count marks in any subject, a cadet must obtain not less than 4 of the total marks allotted to that subject for the term.

23. At all examinations a deduction of marks, up to 5 per cent of the maximum, will be made for handwriting which is difficult to read. A similar deduction, up to the same limit, will be made for bad English spelling.

* This figure has been temporarily reduced to 5.

Tuition deductions will not reduce below the qualifying minimum the aggregate marks obtained by the cadet.

24. A cadet who fails to obtain the qualifying minimum of marks for any term will FORFEIT THEM, and will forfeit all claim to compete for appointment to the Indian Army. He will be warned that if he fails at a subsequent examination he WILL BE REMOVED FROM THE COLLEGE.

25. In order to ensure due diligence during the whole period of residence, there will be an examination at the end of each term conducted either by the instructional staff of the Cadet College or by independent examiners.

26. When a cadet passes out of the Cadet College, the Commandant will certify that all debts have been paid. In those cases where this certificate cannot be given, the granting of a commission will be liable to be withheld unless such debts are discharged.

27. All cadets are expected to pass the Regulation Army Test in swimming; those who cannot swim on joining the Cadet College must attend instruction in swimming. Any one who ultimately fails to pass the test will, at the discretion of the Commandant, lose not more than 200 marks he has gained in physical training.

28. The case of a cadet who misses an examination or part of an examination, owing to sickness or through no fault of his own, will be specially considered by the Commandant, who will report the action taken to the Under Secretary of State, the War Office. In no case should more than 75 per cent of the marks allotted to the examination missed be allowed.

29. Cases of protracted absence on account of ill-health will be referred to the War Office for decision.

At each final examination there will be awarded—

(a) The King's Medal and a sword to the cadet who passes out first on the list.

(b) The Norman Medal to the senior cadet appointed to the unattached list for the Indian Army.

(c) A sword of honour as a special reward to the most deserving cadet of the term.

(d) A prize for proficiency in each subject.

30. At the end of each autumn term, the Anson Memorial Sword will be given in lieu of an ordinary sword to the cadet who passes out first on the list.

31. A cadet who drops a term from causes other than sickness, unavoidable on his part, will forfeit all claim to prizes, to the King's Medal, the Norman Medal, and to the Anson Memorial Sword.

CADET SCHOLARSHIPS.

32. Twenty-three cadet scholarships for the Royal Military College, in value, £30 each, will be open for competition half yearly to cadets who have completed their first year of instruction at the Cadet College and who are sons of officers who gained their commission through an Officer Cadet Unit during the Great War.

33. Cadet scholarships will be awarded to those cadets who are eligible under paragraph 32 and who are highest in order of merit according to the marks allotted under paragraph 37.

34. In the event of the number of candidates eligible under paragraph 32 falling short of the number of cadetships available, the remaining cadetships will be open for competition to cadets who are the sons of serving or retired officers of the Royal Navy, the Regular Forces and the Royal Air Forces.*

35. A cadet who has been rusticated or who has dropped a term for other reasons than sickness (*see* paragraphs 24, 28 and 29) will not be eligible for a Cadet Scholarship.

36. The following marks will count towards Cadet Scholarships:—

(a) All marks gained by cadets in their first year which count towards the aggregate (*see* paragraph 20).

(b) Marks for each cadet who represents the Cadet College at sports at the rate of 100 marks for each "blue," and 50 marks for each "half blue."†

(c) Marks for promotion gained during first year at the rate of 200 marks for corporal and 100 marks for lance corporal.

37. While no enquiry will be made into the means of the parents or guardians of cadets, Cadet Scholarships are essentially designed to give assistance to those who stand in need of the emoluments attached to them. Parents or guardians of cadets will therefore be invited to resign the emoluments of a Cadet Scholarship should they be in a position to do so, retaining the titular distinction for their sons or wards. The emoluments so resigned will be offered to the next cadet on the list who is eligible. A list of cadets to whom Cadet Scholarships have been awarded will be published each half-year.

38. Should a cadet who has gained a Cadet Scholarship be subsequently expelled or removed, or dropped into a lower term than that in which he originally started on joining the Cadet College for other reasons than sickness (*see* paragraphs 24, 28 and 29), he will be called upon to surrender the emoluments gained as a cadet scholar.

A cadet scholar who forfeits his cadetship will be liable to refund such portion as may be determined by the Army Council of the financial benefits that he has received as a cadet scholar.

39. King's Indian Cadets and Honorary King's Indian Cadets will be permitted to compete for Cadet Scholarships, provided they are eligible.

SCHOLARSHIPS FOR OFFICERS APPOINTED TO COMMISSIONS IN THE REGULAR ARMY FROM THE ROYAL MILITARY COLLEGE.

40. Scholarships of the annual value of £60, tenable for five years, are granted to officers appointed to commissions in the Regular Army from Royal Military College, Sandhurst.

41. Six scholarships will be allotted half yearly, commencing with the Regular Army candidates gazetted in February 1923, which will make cadets joining the Royal Military College in August 1924 eligible to compete.

42. The following will be recipients† of these scholarships:—

(i) The cadet awarded the Sword of Honour.

(ii) The cadet passing out with the highest aggregate of marks.

(iii) The cadet, admitted to the College under Army Order 412 of 1923, obtaining the highest aggregate of marks.

(iv) The cadet passing out with the second highest aggregate of marks.

(v & vi) The two cadets recommended by the Commandant as the next most deserving on the grounds of all round efficiency.

43. Payment will be made by the Army Agents of Paymaster posting the officer's pay, in ten instalments of £25 each issued half-yearly in advance. The first payment will be made on the notification of the officer's appointment in the *London Gazette*.

---

* To include officers who, while holding commissions, temporary or otherwise, in the Royal Navy, Royal Marines, Special Reserve, Indian Army Reserve of Officers, Militia, Territorial Force, New Armies, Forces of the Overseas Dominions and Royal Air Force, served overseas with an Expeditionary Force between 4th August 1914 and 11th November 1918.

† The decision as to what constitute a "Blue" and a "half blue" will rest with the Commandant.

† In the event of one cadet qualifying under more than one head, the Commandant will be required to make a recommendation. No cadet can hold more than one scholarship.

The amounts issued will be charged against Head 1 and Vote 19 as in the case of the pay of the officers. If an officer is transferred to Indian payment, a note will be made on the last pay certificate showing the period covered by the last payment.

44. The Controllers of Military Accounts in India will continue the payment of the scholarship with reference to the information given on the Home last-pay certificate, *vide* paragraph 5 of the Army Order and debit it to the minor head to which the pay of the officer is debited. In the event of the officer being transferred from the payment of a Controller, a note showing the period covered by the last payment will be made on the last-pay certificate

45. No refund will be required in respect of any payment already made in the event of an officer becoming non-effective or otherwise ceasing to be entitled to the grant.

46. The winners of scholarships who can afford to do so will be given the opportunity of resigning the emoluments attaching to the scholarship in favour of those less fortunately circumstanced. In such a case, the winner would still retain the titular distinction.

47. An officer holding a scholarship will be liable, at the discretion of the Army Council, to forfeit it for misconduct.

In all such cases, the circumstances will be reported by the Commandant to the Under-Secretary of State, the War Office. A rusticated cadet will forfeit his right to be considered for the Indian Army or the Royal Army Service Corps,

Dropping a term.

55. A cadet may, by order of the Commandant who will report the circumstances to the Under-Secretary of State, the War Office, be kept for two consecutive terms in the same division, either as a punishment for a breach of discipline, or in the case of a backward cadet, where it is considered that he would benefit by extra instruction.

(1) Removed; or

(2) Expelled.

57. The name of any cadet expelled will be recorded at the War Office, and may, if in the opinion of the Army Council the circumstances warrant it, be made known to the First Lord of the Admiralty, the Secretary of State for India, the Secretary, the Air Ministry, and the Civil Service Commissioners, in order to prevent the admission of the ex-cadet into His Majesty's naval, military, or air service, or home, colonial, or Indian civil service,

68. They will not be allowed to take servants or personal attendants of any kind to the College.

Families of candidates.

67. One of the rules for admission to the Royal Military College is that a cadet should be unmarried. This rule will be waived in the case of Indian candidates, but in no circumstances will a cadet be allowed to take his wife or family to England.

Appointment to Commission

68. Cadets from India will have to qualify in the ordinary passing out examination and will, on qualifying, be eligible for King's commissions. Before being passed fit for a commission, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commissions will enter the Indian Army as Second-Lieutenants.

The appointment of Gentlemen cadets, after passing out of the Royal Military College, to particular regiments of cavalry and infantry, is governed by the existence of vacancies and the requirements of the service. Indian Cadets will be posted to one of the units selected for Indianization subject to these conditions, appointments will be made on the following principles:—

(1) The first consideration will be given to those cadets who pass out highest on the list of successful candidates from the Royal Military College, but the Government of India reserve the right to consider special family or territorial claims irrespective of the candidate's position on the list.

(2) A cadet having any special family or territorial connexion with a regiment should describe this connexion on the preference form which he will be required to fill in during his last term at the College, and careful consideration will be given to such claims in deciding the question of his appointment.

(3) Candidates without special claims are at liberty to apply for particular regiments (not exceeding three).

(4) In making first appointments the candidates' wishes, as stated on the preference form, will be met as far as practicable, having due regard to the preceding paragraphs.

There is no objection to a Colonel of a regiment submitting a recommendation to Army Headquarters, India, on behalf of a cadet whom he may desire to be appointed to his regiment.

69. Prospective Indian candidates who are resident in India should apply for nomination to the entrance examinations held in India, and only those candidates who have been resident in the United Kingdom for several years will be permitted to present themselves for examination by the Selection Board held in that country. 2 The candidate's height will be measured as follows :—He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard, the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4 The candidate's chest will be measured as follows :—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded thus in inches $\frac{36}{38}$, $\frac{36}{38\frac{1}{2}}$, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

5 The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the acuteness of vision includes two tests—one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses, at a distance of 20 feet, and for the test for near vision, without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision with which a candidate will be considered fit are as follows :—

STANDARD I.

Right eye.	Left eye
Distant vision—V = 6/6.	V = 6/6.
Near vision.—Reads 0, 8.	Reads 0, 6.

STANDARD II.

Better eye.	Worse eye.
Distant vision.—V = 6/6.	V, without glasses = not below 6/60; and after correction with glasses = not below 6/24.
Near vision.—Reads 0, 6.	Reads 1.

STANDARD III.

Better eye.	Worse eye.
Distant vision.—V, without glasses = not below 6/60, and after correction with glasses = not below 6/6.	V, without glasses = not below 6/60; and after correction with glasses = not below 6/12.
Near vision—Reads 0, 8.	Reads 1.

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

The degree of acuteness of vision of all candidates for commissions will be entered in the proceedings in the following manner :—

V.R. = ...; with glasses = ...; Reads....
V.L. = ..., with glasses = ...; Reads....

No relaxation of the standard of vision will be allowed.

7. The following additional points will then be observed :—

(a) That his hearing is good and there is no sign of ear disease ;

(b) That his speech is without impediment.

(c) That his teeth are in good order. He must have ten sound teeth in the upper jaw *functionally opposed* to ten sound teeth in the lower jaw. Two of these teeth in each jaw must be molars. Well-filled teeth will be considered as sound ;

(d) That his chest is well formed and that his lungs and heart are sound.

(e) That he is not ruptured.

(f) That he does not suffer from a severe degree of varicocele* or varicose veins. A candidate who has been successfully operated on will be accepted.

(k) That he does not suffer from any inveterate skin disease.

(l) That he has no congenital malformation or defect.

(m) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution.

* Severe varicocele is defined as follows :—

(1) Where the mass of veins is so great that it hangs down in front of the testicle when the candidate stands up.

(2) If the cord is elongated to such an extent that the testicle hangs at a level obviously lower than normal, of course, allowing for the fact that the left testicle is usually at a lower level than the right.

(3) If there is atrophy to such an extent that the affected testicle is estimated at less than half of the bulk of the gland on the sound side.

(4) Undescended testicle should only be considered a disqualification when situated within the inguinal canal or at the external ring.

No. 477.—The following resolutions of the Government of India are republished:—

HOME DEPARTMENT.

POLITICAL.

Delhi, the 15th December 1914.

No. 2951-2964.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No. 2831-2842, dated the 8th December 1909, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged, before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of

right, on the ground that he is a British subject and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted.

3. Residence _____
4. Age of applicant _____
5. Nationality of applicant* _____

* I.e., whether a British subject by birth or by naturalisation (or a subject of a Native State).

† Countersignature of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

NOTE.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to secure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the holder is a fit and proper person to receive a passport.

Simla, the 2nd August 1916.

No. 6687.—The following letter received from the Government of the East Africa Protectorate is published for general information :—

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE
June 27, 1916.

Sir,

I have the honour to inform you that the Government of the British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 3 (a) * might be permitted to enter the Protectorate on payment of a deposit according to nationality.† In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is in itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1906 is payable before landing and if this section is read together with section 3 (1) of the amending Ordinance of 1910, it is clear that the demand for security must also be complied with before landing.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect as from the 1st of September 1916 and I have the honour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,

Sir,

Your most obedient servant,

C. C. BOWRING,
Chief Secretary to the Government.

Local Governments and Administrations are requested to make the information contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50, or to comply with the demand for the requisite security in lieu of the deposit.

* The section prohibits the immigration of any person without visible means of support, or any person who is likely to become a pauper or a public charge.

† The deposit required from a native of India is Rs. 50.

REGULATIONS.

1. Samples of goods, not intended for sale, re-imported by commercial travellers into British India shall be passed free of duty, provided that the Collector of Customs at the port of reimportation is satisfied:—

to produce to the Collector of Customs a certificate or letter of identity from their principals or otherwise satisfy the Collector of their eligibility for the concession. An invoice in duplicate, showing each article in detail, should be filed at the Custom House. The original will be retained by the customs authorities. Each page of the duplicate will be stamped with the Custom House seal, and will be endorsed, over the signature of a Customs officer, with a reference to the Bill of Entry on which the samples were assessed to duty. It will also be returned together with a certified copy of the Bill of Entry to the travellers.

(2) The certified copy of the Bill of Entry must, on each occasion on which the samples are exported from a port in British India, to a foreign port, be produced to the Customs Collector of the port of export, who will endorse, after such examination of the samples as he may think necessary, the copy of the Bill of Entry with a certificate that no drawback had been paid, together with the date of exportation. On re-importation from a foreign port the Bill of Entry must similarly be produced to the Collector of Customs, who will endorse, after such examination of the samples as he may think necessary, the date of re-importation on the Bill of Entry.

3. When the samples are finally exported under claim of drawback, a certificate of examination shall be recorded on the certified copy of the Bill of Entry by a Custom Officer after verification of the necessary particulars in regard to the identification of the articles and payment of duty. PLAGUE REGULATIONS IN FORCE OUTSIDE THE PRESIDENCY TOWN.

No. 832.—Whereas certain parts of the Presidency of Madras are visited by and other parts are threatened with an outbreak of the dangerous epidemic disease known as plague, and whereas the ordinary provisions of the law for the time being in force in the Presidency are insufficient for the purpose of preventing the outbreak or spread of the disease ;

In exercise of the powers conferred by section 2 A of the Epidemic Diseases Act, 1897, as amended by Devolution Act XXXVIII of 1920, the Local Government are pleased to prescribe in supersession of all regulations previously issued on the subject, the following temporary regulations to be observed throughout the Presidency except the City of Madras for a period of one year from the 15th of July 1927.

1. In these regulations—

(*a*) 'Infected area' means any area which is notified under these regulations by the Local Government or, subject to their control by the Collector of a district, to be infected with plague.

(*b*) A 'local authority' means the local medical officer, or if there is no such officer, the village headman, the Health Inspector or any other person appointed as a local authority for the purposes of plague by the Collector of the district.

(*c*) 'Plague Officer' means the District Health Officer, the Municipal Health Officer and the Revenue Divisional Officer within his jurisdiction and includes any other person who may be appointed by the Government or by the Collector as plague officer over any definite area.

2. The Local Government may, by notification in the *Fort St. George Gazette*, declare any place or area in which one or more indigenous cases of plague have occurred, or in which the existence of plague among rats has been proved, to be infected with plague. In similar circumstances the Collector of the district may notify by tom-tom and by publication in the District Gazette that any place or area in his district is infected with plague, informing the Government forthwith of the fact that he has done so.

3. In an infected area or in a district adjoining an infected area the Collector may close any existing market and may appoint special places where markets may be held and may prescribe limits beyond which it shall not be lawful for persons bringing articles for sale from or to an infected area to pass.

4. In an infected area the Collector, or a plague officer with the previous sanction of the Collector, may order the evacuation of infected houses and houses in their neighbourhood, or generally of any infected locality :

Provided that, before issuing or authorizing an order for compulsory evacuation, the Collector shall either provide adequate and suitable shelter within reasonable distance for the persons evicted, together with the necessary water-supply and arrangements for watch and ward or shall satisfy himself that such shelter and water-supply have been provided by private agency. The Collector shall also satisfy himself that the compulsory evacuation is necessary to avert the further spread of the disease, or is in the interests of the affected population, taking account of climatic conditions.

The Collector may require all persons who evacuate their houses voluntarily, or are evicted under the regulation, to reside in such place as he may appoint.

Nothing contained in this rule shall be deemed to apply to persons who have been successfully inoculated against plague during the nine months prior to the declaration of a locality being infected or who get themselves inoculated within 24 hours of such declaration.

5. In an infected area the Collector may enter upon, occupy and use, or may depute any person to enter upon, occupy and use, without having recourse to the provisions of the Land Acquisition Act, 1894, any building or place which is required for, and is, in the opinion of the District Health Officer, suitable for any purposes connected with plague measures: provided that, if the building or place is occupied, twenty four hours' notice in writing shall be given to the occupier or shall be conspicuously affixed on such building or place. The owner or lessee of such building or place shall be entitled to a reasonable rent, to be fixed by the Collector for the period during which the ground or building may be used for purposes connected with plague; and the Collector shall, when any building ceases to be so used, cause it to be thoroughly cleansed and, if the owner so desires, whitewashed internally and externally.

6. If the Collector is of opinion that the destruction of any hut or shed is necessary to prevent the spread of plague, he may take summary measures for the destruction of such hut or shed and of the materials of which it is constructed.

7. The Collector may direct that any dwelling house or any landing place or railway goods shed or any place used for the storage of grain shall be inspected and that all rats found therein shall be destroyed; and to facilitate the destruction of rats may order the temporary removal of any grain or other merchandise.

8. The Collector may direct that at any place in his district any consignment of grain, being conveyed by rail, road or otherwise, shall be examined, and shall, if necessary, be unloaded and exposed to the sun in such manner and for such period as he may fix.

9. Every householder and every medical practitioner shall at once report to the nearest local authority any case of plague or any case of fever with glandular swellings or any unusual mortality among rats which may come to his notice.

10. The chairman of any municipal council or union panchayat, or the headman of any village in which there is no panchayat, may prevent any person suspected of coming from an infected place from entering the town or village for a period not exceeding two days unless his clothing and personal effects have been thoroughly exposed to the direct rays of the sun for not less than six hours. He may also prevent any consignment of grain from entering the town or village until the bags have been removed from the carts and every side of each bag has been exposed to the direct rays of the sun for not less than two hours.

11. (1) In the absence of a written contract to the contrary, every inspector, maistri, peon, watchman, coolie, scavenger or other menial servant employed to do duty in connexion with plague, shall be entitled to one month's notice before discharge, or to one month's wages in lieu thereof, unless he is discharged for misconduct or was engaged for a specified term and is discharged at the end of it. Similarly every supplier of coolies shall be entitled to one month's notice before his coolies are discharged.

(2) No such inspector, maistri, peon, watchman, coolie, scavenger or other menial servant shall, in the absence of a written contract authorizing him to do so, and without reasonable cause, resign his employment or absent himself from his duties without giving one month's notice or shall neglect or refuse to perform any of his duties. In like manner no supplier of coolies or other menial servants shall withdraw his coolies or servants without giving one month's notice.

12. When in consequence of the exercise of the powers conferred by or under these regulations any property is damaged or destroyed, the Collector shall pay to the owner by way of compensation such sum as he may consider sufficient to cover the cost of repairing the damage or replacing the property destroyed.

NOTES.—(1) The Plague Regulations being orders formally made and issued by Government under the Epidemic Diseases Act, no sanction is required as a condition precedent to prosecution for disobeying them (Judgment of the High Court in Criminal Appeal No. 561 of 1899).

(2) By Command Order No 557, dated 18th November 1898, all ranks in the Madras Command have been directed to obey the Plague Regulations, and any infringement of them is punishable as a military offence. Military guards have been warned (Superintendent's Circular No 51 dated 14th December 1898) that any disobedience or wilful neglect of the regulations or obstruction offered to any official on plague duty will be treated as a breach of the good conduct required by Government as a condition of the continuance of their pensions, and that any pensioner being guilty thereof will be liable to have his pension stopped forthwith and the same reduced or permanently withdrawn.

NOTIFICATION.

INSTRUCTIONS TO CANDIDATES ATTENDING FOR THE EXAMINATIONS TO BE HELD IN 1927.

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for distributing the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each answer book. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out, and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners ; should they do so, their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, manuscript, or paper of any description and from making use of any of these whether introduced into the room by themselves or by any one else, from communicating with or copying from each other, and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Registrar. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared, rejected by the Syndicate. The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates in Groups (i) and (ii) of the Intermediate, Branches I and II of B.A. and first M.B. & B.S. examination.

9. Candidates for the B.A. Degree Examination under Groups (ii-A) and (ii-B) are required to submit their laboratory note-books to the Examiners concerned on the first day of the practical examination, and to get them back at the close of the examination. The submission of laboratory note-books is optional in the case of those students who appeared for the examinations prior to 1926.

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink-bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions, regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left-hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. When candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent of the respective centre for their hall tickets.

14. *No College student will be allowed to select a centre for his examination other than that in which the College he studies, is situated, except for satisfactory reasons and on the recommendation of the Principal of his College.*

15. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity.*

No. 8.—In virtue of the powers delegated under clause XI of Government Notification No. 485, dated 13th July 1896, published on pages 1203 and 1204 of the *Fort St. George Gazette*, dated 29th September 1896, Part I, as amended by Government Notification No. 101, dated 15th March 1924, and in supersession of Commissioner's Notification No. 5, dated 1st July 1926, the Commissioner of Excise hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Madras Abkari Act I of 1886, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1927 :—

(1) The villages in the Agency tracts specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynad taluk, Anjengo, Tangasseri and the Attappadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licences shall be issued on the application—

(*a*) of licensed toddy shop-keepers in areas in which the toddy shops are sold by auction or licensed separately;

(*b*) of persons having the exclusive privilege of manufacture and supply of coconut toddy or arrak;

(*c*) of tappers on their own application in the South Kanara district, provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(*d*) of tree-owners generally, and of sweet-toddy tappers in the villages of the Agency tracts specified in Schedule I, in the East Godavari district, in the portion of the West Godavari district corresponding to the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem talukas of the old Kistna district and in the Repalle and Bapatla talukas of the Guntur district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale;

(*e*) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory;

(*f*) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Salt and Abkari Inspector of the State; and

(*g*) of any member of a hill tribe whether a tree-owner or not, residing in any of the villages of the Visagapatnam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (*b*), (*d*) and (*e*), the licences may be issued in the name of the applicant himself or of his nominee, and in cases (*a*), (*c*), (*f*) and (*g*) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree tapping licences must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury or a Taluk treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor. In the case of persons mentioned in rule 2 (*a*) and (*c*) the tree-tax must be paid into a Government treasury of the taluk in which the shop is situated or to an authorised village munsif in the same taluk, and the renters concerned should affix a declaration in the applications to the effect that they have obtained a licence permanent or temporary for a shop specifying also the name and number of the shop for which trees are to be marked. The shop licences should be produced before village munsifs in cases where the application and fees are presented to these officers. Pudukkottai renters, when applying for trees in British territory, must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head, the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned, along with the application in Form T T 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping licence in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licences in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into the British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly, those in the Banganapalle State will be allowed to tap trees in the adjoining British territory. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

7. Persons applying for the issue of licences will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) Unless there are special reasons for refusing to mark the trees, the Inspector on receipt of an application will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licence. The Inspector may also at his discretion refuse to comply with an application either wholly or in part, if he considers that the trees applied for are in excess of the legitimate demand of the shop. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the East Godavari district, in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the West Godavari district, in the Repalle and Bapatla taluks of the Guntur district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. Toddy shall not be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dadaval (*Arenga Wightii*) trees in South Kanara, tree-tapping licences shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for coconut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees which have been illicitly tapped, on which the full tree-tax may be levied.

12. The following shall be the fees payable on account of each tree for the tapping of which licence is applied for :—

NOTE.—The tree-tax payable by the hill tribes in the villages mentioned in Schedule II and by applicants for licences for domestic consumption under rule 2 (*d*) of these rules shall be paid in one instalment at the time of application.

14. Every instalment of tree-tax shall be paid on the first day of the month in which it falls due.

15. For the convenience of applicants, applications will be received from 1st September or 1st March; but no trees will be marked, nor licences issued, nor preparation of spathes permitted before 16th September or 16th March; nor shall pots be attached to trees before the evening of the 30th September or 31st March, as the case may be. In the case of 'Kadapalai' palmyra trees tapped at succession rates in the Tinnevelly and Ramnad districts, marking will be allowed from the 25th July.
